# 1. Strategy and Overview

This policy has been developed by a working group including: Principal, Deputy Principal, IT co-ordinator, Digital Strategy Team, students, parents/guardians and advice from the Professional Development Service for Teachers (PDST).

The aim of this Internet Acceptable Use Policy (AUP) is to ensure that digital learners at St. Clare's Comprehensive benefit fully from the learning, teaching and assessment opportunities offered by our school's internet resources in a safe, effective and accountable manner.

Internet use and access is considered a valuable resource and privilege. St Clare's Comprehensive School benefits from a modern high speed broadband fibre based connection, currently available at 100 Mbps and accessible through networked PCs and an enterprise grade Wi-Fi system throughout the school. Users must be aware that their bandwidth usage may affect access speeds and quality of service for other users.

If our school's AUP is not adhered to, internet use and access may be withdrawn from users and appropriate sanctions will be imposed, as per our school's Positive Code of Behaviour.

When using the internet students are expected:

- ✓ to treat all others with respect at all times
- ✓ to respect the right to privacy of all members of our school community
- ✓ to understand copyright and acknowledge creators when using online content and resources
- ✓ not to undertake any actions that may bring St. Clare's Comprehensive or any members of the school community into disrepute

This AUP applies to all students who access the internet at St. Clare's Comprehensive School.

Misuse of the internet that impacts on the well-being of students and/or staff under this policy and associated codes of positive behaviour and anti-bullying policies, may result in disciplinary action, including verbal warnings and contact with parent(s)/guardian(s), withdrawal of access privileges, detention and, when necessary, suspension or expulsion. St. Clare's Comprehensive also exercises the right to report any illegal activities to the appropriate authorities.

The following strategies promote safer use of the internet:

- ✓ Students will be provided with support and instruction in internet safety as part of our Junior and Senior Cycle curriculum.
- ✓ St. Clare's Comprehensive participates in Safer Internet Day activities which aims to promote safe and effective use of the internet.

This policy and its implementation will be reviewed where appropriate by the following stakeholders:

- ✓ Digital Strategy Team
- ✓ Teaching staff
- ✓ Students council
- ✓ Parents council
- ✓ Board of Management

It is envisaged that this policy would be reviewed by stakeholders in the light of changing technologies and relevant national and EU legislation.

The school will monitor the impact of the policy using surveys of students, parents, and staff.

The implementation of this Student Internet Acceptable Use Policy will be monitored by all staff.

## 2. Content Filtering

St. Clare's Comprehensive School implements **Level 4** content filtering on the Schools Broadband Network (SBN). This level blocks access to websites under the category of personal websites (blogs and vlogs) and/or Social Networking.

St. Clare's Comprehensive School reserves the right to use additional filtering policies on network Service Set Identifiers (SSIDs) to ensure availability and quality of service of our available bandwidth for all users.

Students taking steps to bypass the content filter by using proxy sites or other means may be subject to disciplinary action.

### 3. Web Browsing and Downloading

- 3.1. Students will use the school's internet connection only for educational and career development activities
- 3.2. Students will be aware that any usage, including distributing or receiving information, school-related or personal, may be monitored for unusual activity, security and/or network management reasons
- 3.3. Students will not download or upload materials or images not relevant to their studies
- 3.4. Students will not intentionally visit internet sites that contain gambling, pornographic, obscene, illegal, hateful or otherwise objectionable materials
- 3.5. Students will not copy information from the internet without acknowledging the creator and referencing the source of the content
- 3.6. Students will not engage in online activities such as updating personal devices or transferring large files that result in heavy network traffic which impairs the service for other internet users
- 3.7. Students will not download or view any material that is pornographic, illegal, obscene, and defamatory or that is intended to annoy or intimidate another person
- 3.8. Students will not promote or use virtual private networks (VPN) to hide Internet Protocol (IP) addresses

### 4. Email and Messaging

- 4.1. All school-related communications must be made using students school Google Mail account. The use of personal email accounts is not allowed for school purposes
- 4.2. Students should not share their email account username and password with others under any circumstances.
- 4.3. Students should not use school email accounts to register for online services such as social networking services, apps, gambling and games.
- 4.4. Students should not use school email accounts to register or access their online student bank accounts or other financial transactions (e.g. topping

up student travel cards, mobile phone credit management, reward schemes etc.)

- 4.5. Students will use approved class email accounts only under supervision by or instruction from a teacher
- 4.6. Student email accounts may be limited to sending and receiving mail within the *stclarescomprehensive.ie* domain
- 4.7. Students will not send any material that is: pornographic, illegal, obscene, defamatory or that which is intended to annoy or intimidate another person.
- 4.8. Students should immediately report to their tutor/year head the receipt of any communication that makes them feel uncomfortable, is offensive, discriminatory, threatening or bullying in nature and under no circumstance should respond to any such communication.
- 4.9. Students should avoid opening emails that appear suspicious and report accordingly to their tutor/year head
- 4.10. Students are expected to use email addresses issued under the *stclarecomprehensive.ie* domain for all classwork

- 5.1. Students must not use social media and the internet in any way to harass, insult, abuse or defame students, their family members, staff, or other members of the school community
- 5.2. Students must not discuss personal information about fellow students, staff and other members of the school community on social media
- 5.3. Students must not use school email addresses for setting up personal social media accounts or to communicate through such media
- 5.4. Students must not engage in activities involving social media which might bring the school community into disrepute.
- 5.5. Students must not represent their personal views as being representative of the school community on any social media platform

## 6. Personal Digital Devices

Students using their own digital devices in school should follow the rules set out in this AUP, in the same way as if they were using school equipment.

*Digital Devices* include smartphones, wearable technology, digital tablets, media players and any device which is or has the capability to be connected to the internet through an ethernet, WIFI, hotspot or cellular connection

- 6.1. The following statements apply to the use of internet-enabled devices:
- 6.2. It is the responsibility of the student to ensure the safe storage of their device when not in use, e.g. during break and lunch times. The school accepts no liability for loss or damage.
- 6.3. Students are only allowed to use personal devices during lessons with the express permission of staff.
- 6.4. Students are only allowed to use personal devices outside of class time with the express permission of staff.

- 6.5. Students must ensure that any apps/updates are downloaded and installed before class to ensure they are ready for use in class and do not impact bandwidth for other users.
- 6.6. Devices must be brought to school charged, with a suitable screen protector and protective case
- 6.7. Any unauthorised capture of images, video or audio is in direct breach of the school's AUP and will be sanctioned as per our Code of Positive Behaviour
- 6.8. Digital devices must be turned off when not in use or not required for class. (devices in 'silent' or 'vibrate' mode are not considered 'off')
