

The following information has been received from Patrick McCaffrey & Sons Ltd. who are currently carrying out roadworks for Leitrim County Council:

Roadworks are currently taking place on the R280 outside the school.

When complete these works will provide additional parking spaces, a pedestrian crossing and enable school busses to get up the hill to park outside the school gates.

These works are expected to take 3 weeks to complete.

Limited parking will be available outside the school until the works are completed.

No cars are permitted to park inside the coned off areas.

There are currently traffic lights in operation outside the school.

Please don't stop inside the traffic to let passengers out as this could cause a traffic jam.

When leaving the exit from the school , please follow signage . There will be a person at the junction during busy times to direct traffic.

Next week, works will commence on the school side of the road.

The footpaths will be closed on this side of the road during the works.

Anyone wishing to walk into the school from the road will need to enter though the gate on the Manorhamilton side of the school.

It will then be possible to cross the road and walk on the other side of the road to cars and buses waiting at the Domahair side of the works.

It will not be possible to cross the road inside the works area due to the height of the new kerbs and the site machinery working in this area.

Please be careful when walking on this footpath as it may not be surfaced.

Regards

John Leyden
